

MEET OUR TOP 10 FOR 2025

We're thrilled to introduce the Agri's Got Talent Top 10 for 2025! Congratulations to all our finalists, we can't wait to see you shine. A special word of thanks goes to our finalists' employers for their support.

The Top 10 finalists will be welcomed to Paarl on 14 September 2025, where they will embark on a week-long training programme designed to prepare them for the stage and beyond. During the week, they will receive professional voice and stage coaching to refine their performance skills, as well as participate in a comprehensive personal development course facilitated by a registered social worker from PROCARE. This programme covers essential life skills such as financial literacy, communication, conflict resolution, and self-confidence, ensuring that participants return not only as stronger performers but also as empowered individuals who can make a positive impact in their workplaces and communities.
